

Project Synopsis Guidelines for GGI Students

The project synopsis shall be prepared as a concise summary of the student's final year project. It is to be treated as a blueprint document that enables the guide, department, and evaluators to clearly understand the project's objectives, scope, and proposed methodology.

General Instructions

- **Length:** 5–7 pages (excluding cover page & references).
- **Font & Spacing:**
 - *Title:* Times New Roman, 14 pt, **Bold**, 1.5 line spacing.
 - *Body:* Times New Roman, 12 pt, 1.5 line spacing.
- **Margins:** 1 inch on all sides.
- **Submission:** Soft copy in PDF format.
- **Originality:** Ensure work is plagiarism-free.

Structure of the Synopsis

1. Cover Page

- Title of the project (clear, concise, specific).
- Student details: Name, Roll No., Department, Year.
- Supervisor's name & designation.
- Institution name & logo.

2. Introduction & Background

- Brief context of the problem area.
- Importance and relevance of the project.
- Literature review / previous work (**10–15 references**).

3. Problem Statement

- Clear definition of the problem being addressed.
- Gaps identified in existing solutions.

4. Objectives

- List **3–5 measurable objectives**.
(*e.g., "To design a cost-effective IoT system for smart irrigation"*)

5. Scope of the Project

- Define boundaries (what is included/excluded).
- Identify the target audience/beneficiaries.

6. Proposed Methodology

- Tools, technologies, or methods to be used.
- Step-by-step approach (e.g., system design, coding, testing, analysis).
- Mention any surveys, experiments, or models planned.

7. Expected Outcomes

- Tangible deliverables (prototype, software, hardware, report).
- Benefits to industry, society, or academia.

8. Work Plan & Timeline

- Use a **Gantt chart / tabular schedule** (Month-wise or Phase-wise).
- Highlight milestones (Review 1, Review 2, Final Submission).

9. Resources Required

- Hardware, software, lab facilities, datasets, or external support.

10. References

- Use **APA format** for books, research papers, and websites.

Synopsis Evaluation by PVC

- I. The PVC shall evaluate the project synopsis within **four weeks** of the commencement of the academic session.
- II. Students must formulate a **comprehensive 15-week project implementation plan** as per the format provided by PVC. The final presentation shall be strictly limited to **10 minutes**.
- III. Based on PVC feedback, students must incorporate suggested changes and **resubmit the revised plan**.
- IV. The DPC shall schedule the synopsis and share the complete list of students from their departments with the PVC. The synopsis will be conducted in a **single consolidated session**.
- V. During evaluation, PVC may earmark **exemplary projects** that contribute toward **Sustainable Development Goals (SDGs)** for institutional funding.

Evaluation Parameters (Total: 100 Marks)

Component	Criteria	Marks
Project Work (50)	Literature Review (10), Proposed Objectives (10), Proposed Methodology (10), Anticipated Outcomes (10), Anticipated Potential for Application (10)	50
Report (30)	Content of report (10), Organization & Planning of report (10), Writing Skills in the report (10)	30
Presentation (20)	Organization, Clarity & Style (10), Response to Questions (10)	20
Total		100

TITLE OF THE PROJECT

PROJECT SYNOPSIS REPORT

GULZAR GROUP OF INSTITUTIONS

(Affiliated to IKG Punjab Technical University, Kapurthala)

Submitted by:

Name of Student 1 (Roll No.)

Name of Student 2 (Roll No.)

Name of Student 3 (Roll No.)

Name of Student 4 (Roll No.)

Name of Student 5 (Roll No.)

Under the Guidance of:

(Name, Designation)

Department: _____

Year: _____

Academic Session: 2025 – 2026
